Schools are currently required to inform pupils and their families about how their personal data may be collected and used. This requirement will remain once the GDPR comes into effect on 25 May 2018; however, schools will be required to revise their privacy notices to include further information on processing individuals' personal data, in order to be compliant with the GDPR.

Who processes your information?

Hope School and College is the data controller of the personal information you provide to us. Where the school outsources data to a third-party processor, the same data protection standards that **Hope School and College** upholds are imposed on the processor.
