April 1st 20202

Dear Parents / Carers,

As you can imagine our emails and phone calls are inundated with support and advice on how to all remain safe and well through this difficult period. In collating all this information we have agreed the following procedures and strategies be followed by all staff and children who use the school, college and post 19 provisions.

- On arrival home, wash/shower especially hands, arms and face with soap and hot water and put on clean clothes
- Continue with hand washing, personal hygiene and strict cleanliness regimes as advertised particularly following eating and drinking and bathroom use.
- If anyone in your household displays any of the symptoms of COVID-19 please follow all government rules on self - isolating yourself and family members and please inform school straight away. If your child displays any symptoms in school we will contact you straight away
- Staff and children to wear clean clothes on a daily basis.

In all of us working together and following all the above points we can help protect your child, your families, and the staff here in school and hopefully help the country in getting one step closer to a safer place for us all.

We are missing everyone enormously and can't wait to have a school full of happy, healthy children and staff as soon as possible again.

Thank you again.

Best wishes

Sue Lucas
